SPN ACT

Carondelet Village is the convening organization for the St. Paul Neighborhoods ACT on Alzheimer's team (SPN ACT). This organization supports a team coordinator who is building strong collaborative relationships across St. Paul. These relationships raise awareness, provide education to help make our community dementia friendly, and create linkages to community supports for people living with dementia. Over 20 local organizations and individuals collaborate with SPN ACT to reduce stigma and increase hope for people impacted by dementia.

Join any of the July events (see column to the left), or contact Meghan Constantini (*5014) to learn more and help change the way people think about dementia.
